MEETING AT A GLANCE

DATE: TUESDAY, MAY 15, 2018
TIME: 5:15 PM—Registration & Social Networking
6:00 PM—Announcements
6:15 PM—Dinner Service Begins
7:00 PM—Program Begins

PROGRAM:

STORMWATER POLLUTION PREVENTION PLAN (SWPPP): COST, CHANGES, AND CHALLENGES

RSVPs for the May 15th meeting are due by May 11th. See details here <https://bit.ly/2HYsClG>.

SPEAKER:

Gerald Montgomery
Montgomery & Associates, Inc.

DINNER LOCATION:

Riverwalk Golf Club
1150 Fashion Valley Road, San Diego
(Mission Valley on north side of I-8 between Hotel Circle North and Friars Road)

Meal choices: Chicken Marsala, Tri-Tip, or Vegetarian

COST: Members & Guests – \$40/person
Students (discount) – \$25/person

Cancellations must be received by NOON on Monday, May 14th or no shows will be billed.

RSVP: <http://evite.me/PPa4X9qW3x>

MEMBERS AND GUESTS UTILIZING THE EVITE RESERVATION PLATFORM

MUST PROVIDE THE INDIVIDUAL'S NAME AND COMPANY NAME FOR EVERY REGISTRANT.

—OR: Paul Chang CPE – Sundt Construction

Stormwater Pollution Prevention Plan (SWPPP): Basic Facts and Best Management Practices

by Lisa Thibodeaux, Construction Experts, Inc.
ASPE San Diego Chapter #4 Programs Chair

The Storm Water Pollution Prevention Program consists of seven sections:

- Site Evaluation, Assessment, and Planning
- Erosion and Sediment Control BMPs
- Good Housekeeping BMPs
- Selecting Post-Construction BMPs
- Inspections
- Recordkeeping and Training
- Final Stabilization
- SWPPP Appendices

(cont'd on pg 2)

May Program Notes: Stormwater Pollution Prevention Plan (SWPPP): Basic Facts & Best Management Practices

[cont'd from pg 1](#)

In addition to the description of the project, those responsible for the project, and the operators' cooperative agreement which describes the stormwater responsibilities for all construction operators, the report then contains a general schedule with the Best Management Practices (BMPs) to be incorporated at each step.

Why all this attention to stormwater pollution prevention?

There are more water pollution incidents in the construction industry than any other industry. Sediment from disturbed land carries heavy metals, nutrients, oil, grease, pathogens, and trash to the various water sources. As rainwater collects these pollutants and moves downstream, there is stream-widening, down-cutting, flooding, and an increase of stormwater volume and velocity. Aquatic habitats are reduced, and stream temperatures are increased due to the higher presence of metal and additives. It is our legal responsibility not only to construct the job, but to ensure the land around the jobsite will be cared for as well.

Permits and Practices

To remedy the always present pollution problem, the EPA issues National Pollutant Discharge Elimination System (NPDES) permits that identify the limits on what is permissible to discharge, reporting and monitoring requirements and other provisions to make sure the discharge does not negatively impact citizens or animal health. Other permits are issued by the California Environmental Protection Agency (CalEPA). The permit points out the requirements of the Clean Water Act into specific categories tailored to the operations of those who are releasing pollutants. It is the responsibility of the company or those holding the permit to determine which Best Management Practices (BMPs) are most effective at keeping the pollutants within the guidelines.

What are BMPs?

Stormwater Best Management Practices focus on water quality problems caused by impervious surfaces such as roads, driveways, ports, airports, parking lots and industrial areas, *i.e.*, distribution centers and airports, which use paved areas covered by impenetrable materials such as asphalt and concrete.

There are two types of stormwater BMPs: structural and non structural. Structural BMPs can be silt fences, sedimentation ponds, gradient terraces, silt diversions, erosion control blankets. Non-structural BMPs include personnel training, public education, sweeping, trash removal, and equipment maintenance. The BMP for the jobsite is chosen based upon the site characteristics and the objectives set forth for pollution removal. EPA's BMP fact sheets can be found on their website at <https://www.epa.gov/npdes/national-menu-best-management-practices-bmps-stormwater#edu> and <https://www.epa.gov/npdes/national-menu-best-management-practices-bmps-stormwater-documents>, or by emailing npdesbox-request@epa.gov.

ASPE San Diego Chapter 4 May Meeting

Attend the ASPE San Diego Chapter #4 meeting Tuesday, May 15th at Riverwalk Golf Club to learn more about SWPPP, compliance, costs, changes, and opportunities from an industry veteran and expert, **Gerald Montgomery** of Montgomery and Associates, a San Diego industry leader in stormwater services. Montgomery is a self-described construction manager turned stormwater guy with 31 years of experience serving state, municipal, and federal governments as well as developers, contractors, and regulatory agencies.

Montgomery and Associates

Known for their educational programs in stormwater pollution prevention for contractors and designers, Montgomery and Associates was invited by the EPA to present a class on effective stormwater program audits to state regulators.

- Current costs of SWPP compliance
- Anticipated changes in the upcoming permit (including timeline)
- Anticipated compliance costs, challenges, and opportunities

[\(cont'd on pg 3\)](#)

May Program Notes: Stormwater Pollution Prevention Plan (SWPPP): Basic Facts & Best Management Practices

[cont'd from pg 2](#)

"The adoption of the new Construction General Permit has brought significant challenges to the construction industry. Gerald Montgomery has been instrumental in our efforts to understand the terms of the permit and recognize the impacts associated with the changes. Jerry's superior knowledge combined with a practical perspective has been vital to the development and execution of our program to achieve compliance. Montgomery and Associates has earned my highest recommendation!" – *Bill Moody, Operations Manager, RGW Construction*

Lisa Thibodeaux
ASPE San Diego Chapter #4 Programs Chair

Lisa Thibodeaux is the President of Construction Experts, Inc., provider of high-quality, interactive online college-level estimating and construction classes.

May Speaker's Bio: Gerald Montgomery

Gerald Montgomery

Principal
Montgomery & Associates, Inc.

Gerald Montgomery has more than 31 years of extensive experience serving state, municipal, and federal governments, as well as developers, contractors, and regulatory agencies in the areas of construction management, land development, storm water pollution prevention, NPDES program management, project planning, schedule analysis, project budgeting, project management, cash flow projections, cost control and modeling, estimating, project billings and payments, contract administration, field engineering, construction inspection, quality assurance, and materials testing.

Jerry is well versed in the areas of project fast-tracking, change order pricing and negotiations, dispute resolution, CPM schedule analysis, RFI process, submittal process, civil construction means and methods, construction estimating, permit approval and compliance processes, and project close-out. His unique experience of municipal service, consulting in engineering and construction management, construction inspection, materials testing, and storm water compliance allow him the capability to manage a project from conception through close-out. He has served on numerous design teams as a value-engineer and as a plan review member, and has taken the lead on permitting processes on projects in many different jurisdictions. ■

Recap Article about the April 2018 ASPE Site Tour and Dinner Meeting Presentation for San Diego State University's Tula Conference Center and Tenochca Hall Addition

by Frank Young, FCPE

San Diego Chapter #4 made a return visit to San Diego State University to tour another project on the southeast side of the campus. We are indebted to the Project Team members with PCL Construction Services, Inc. and Gensler, the collaborative Design/Build consortium for the Tula Conference Center and Tenochca Hall Addition facilities. Kevin Smart, Project Manager; Chantel Marcq, Project Engineer; and Carmen Wong, Architect shepherded our assembly of members, guests, and students through the buildings, while explaining the key features involved in the construction.

Frank Young FCPE

Six members and eight guests attended the outing. We were fortunate to have University Mechanical's Project Estimator and Project Manager, as well as Dynalectric San Diego's Project Manager, accompany us on the tour. At the 12,000 SF Tula Conference Center, the group viewed the lathing and exterior skin, the stained wood trusses inside the 4,000 SF set of conference rooms, and the MEP rough-ins. We then walked over to the 9,000 SF Tenochca Hall and looked at the interior finishes and a wonderful linear wood ceiling in the entry area.

Dan Luckhardt CPE is currently teaching the CM202 estimating class at NewSchool of Architecture + Design's Construction Management program. He brought 32 of his 41 architecture and CM students to PCL's jobsite to see firsthand some of the challenges faced by contractors in completing projects. Surprisingly, 10 or 12 of the total number were women enrolled in one of the two fields of study. The students asked a lot of excellent questions of our site tour hosts concerning the various construction activities observed during the one-hour journey through the two buildings. Following completion of the tour, we adjourned to Nicolosi's Italian Restaurant to enjoy a scrumptious Italian feast of Pizzas, Spaghetti and Meatballs, Green Salad, and Warm Italian Bread. Many of the diners filled boxes with leftover Pizza and styrofoam containers of Spaghetti and Meatballs. The Project Team shared additional information about the projects at the conclusion of the meal. Once again, we appreciate the efforts of PCL in arranging the site tour and providing informative dialogue to our group.

Frank E. Young FCPE

ASPE San Diego Chapter #4 Programs Committee

Ask a CPE: Q & A

Responses from Lou Farallo, CPE—Core Consulting Group Inc.

Lou Farallo CPE

1. When did you get your CPE certification?

2005

2. What made you pursue CPE certification?

During my pursuit to transition from working as a carpenter to becoming an estimator, I was taking Certificate in Construction Estimating courses put on by Bob George, FCPE, and endorsed by ASPE. Most of the instructors were ASPE members who encouraged me to join ASPE. After I became an estimator and a member of ASPE for a couple of years, I made it my goal to become a certified professional estimator as soon as I had the required 5 years of estimating experience.

2. How is it useful for your having CPE certification?

Most importantly, it provided me with the confidence that comes with a certification that is widely recognized among fellow estimators and the construction industry as a whole. Having a CPE behind my name gave me the opportunity to make clients aware of my level of competency and integrity that is required of a CPE.

2. What do you suggest to other estimators regarding getting certified?

Get your certification as soon as possible. You never know when it will be a factor in winning a project or advancing your career.

2. Brief description of your certification process, estimating life and any other comments?

The 2,500-word paper was the first step in the process and it was quite a challenge for me to write. Just like any other challenges in life, once I decided that success was my only option, I was able to succeed. Studying for the tests was pretty straight forward. I studied the available material thoroughly and spoke with every person I could find who had previously taken the test and asked them for their advice.

If you have any questions, please contact John Heusner CPE (john.heusner@crbusa.com) or Venu Dorapally CPE (venuarch@gmail.com).

ASPE San Diego Chapter #4 Scholarship Committee Announcement

by Daniel Luckhardt, CPE

On behalf of The American Society of Professional Estimators Scholarship Committee, I am pleased to announce the acceptance period for the '2018 Scholarship Application.' Our mission statement is as follows:

Daniel Luckhardt, CPE

Mission Statement: *"The American Society of Professional Estimators serves construction estimators by providing education, fellowship and opportunity for professional development."*

Our Vision: *"In its educational pursuits, ASPE strives to be the recognized leader in providing quality programs to benefit the cost estimating profession and the construction industry."*

San Diego Chapter #4's Scholarship Awards are designed to promote student involvement in chapter affairs, and to reward deserving students who exhibit a sincere interest in education and the construction industry, as demonstrated by their work experience and personal statements.

As ASPE members and individuals affiliated with our profession, it is my hope we raise the bar this year and simply get the word out to qualified candidates. Please take the time to reach out to professionals in our industry. These individuals may be working professionals or full-time students currently enrolled within an educational institution with aspirations of working within the construction industry. Please refer to the Scholarship 'Eligibility' requirements within the Scholarship Application, and/or feel free to contact Dan Luckhardt, Scholarship Committee Chairman, by e-mail or phone.

Recommendations to applicants:

- ✓ **Submission deadline: Friday, May 21, 2018.** Please refer to the application instructions.
- ✓ Eligibility requirements: Please review the requirements and feel free to ask questions early in the application preparation process.
- ✓ Application: Please allow time in your schedule to solicit letters of recommendation.

As part of our monthly newsletter, you will find the 'Eligibility, Requirements, and the Application' [attached](#) in PDF format. Again, on behalf of the Scholarship Committee, we look forward to receiving and reviewing applications for Scholarship Award considerations. Good Luck!

Daniel Luckhardt, CPE

Meet the Members of Your Chapter Board ...

Focus on RYAN WOHLFARTH

Technical Sales—Uponor

Ryan Wohlfarth, a Pittsburgh, Pennsylvania native, has been working in the Plumbing/HVAC industry since age 16. His father, Ray Wohlfarth, who has published 3 books and writes for several industry magazines, instilled a curiosity and appreciation for mechanical processes and equipment. So much so, that when Ryan graduated college with a B.S. in Finance, he still found himself eager to partake in the family business.

Ryan graduated from a small university outside of Pittsburgh, called California University of PA. He spent the next 5 years working for his father's company in charge of sales. With a territory of western PA and West Virginia, their company was in the top 3 of reps nationwide for Triad Boilers every year.

In September 2013, Ryan visited family in San Diego and fell in love with the city. He knew he had to move here and was a resident in November of that year. His first job was working as a Manufacturer's Rep for Heat Technology Products before being picked up by Rite Boilers in Commerce, CA.

Ryan spent two years at Rite boilers. He was in charge of growing sales, developing reps, technical support, and increasing brand awareness. A niche area that Ryan worked on with Rite was the growing Micro and Craft Brewery industry. He was involved with sales to over 100 breweries in California alone. Some of the more notable breweries are: Belching Beaver Brewing, Coronado Brewing, Fall Brewing, Mike Hess, Modern Times, St. Archer's Brewing, and Track 7 Brewery.

After 2 years of fighting the LA traffic, Ryan was contacted by a headhunter to work for a company called Uponor where he would be able to live in San Diego again. Uponor is a leading provider of cross-linked polyethylene (PEX) plumbing, radiant heating/cooling, hydronic piping, pre-insulated piping and fire sprinkler systems for residential and commercial structures. Ryan is responsible for Technical Sales for Uponor and has a territory of California, Arizona, Nevada, and Hawaii.

Ryan works daily with estimators, developers, building owners, project managers, and executive teams to find ways that Uponor PEX will provide savings and piece of mind for projects. Uponor has a full estimating and design department that creates drawings, bills of material, and labor estimations for commercial plumbing, HVAC, and radiant heating and cooling projects.

Ryan resides in the Normal Heights neighborhood of San Diego with his wife, Samantha, and their dog, Pogo. ■

Ryan Wohlfarth

Meet the New Members of Your Chapter ...

Focus on DWAYNE HENRY, E

Owner and Estimator —Moor Electric (MEI)

Dwayne Henry was born and raised in Washington, D.C. Dwayne attended public schools and briefly attended UDC while getting started in construction as a bricklayer apprentice. In 1996, Dwayne followed his mother and stepfather to California. He had been an electrical apprentice for approximately 2-3 years prior. Soon after, Dwayne enrolled in City College for Electrical Theory and Lab, where he earned a 2-year certificate of completion. In 2001, Dwayne passed the C-10 State Exam to become a contractor; in 2007 he incorporated Moor Electric (MEI). In 2015, MEI became signatory of Local 569 IBEW.

As the sole estimator with MEI, Dwayne wants to learn the "industry" standard of estimating, in addition to setting the standard for estimating within his firm. He was first introduced to ASPE at the Blue Book Networking Event here in San Diego.

Currently, MEI is located in National City (Dwayne's garage) and has 7 employees. MEI is subcontracted with Siemens and MCTC, performing substation upgrades and working on the new trolley extension.

Dwayne has been married for 10 years to his wife Danielle Henry; he also has one 15-year-old daughter. ■

Dwayne Henry, E

ASPE MISSION STATEMENT

**The American Society of Professional Estimators
is dedicated to the promotion of
the profession of estimating and to
the benefit of the construction industry.**

[Click here](#) for ASPE's CODE OF ETHICS.

ASPE Membership

An accurate cost estimate is the first of many key components of a successful construction project. Plan interpretation, labor and material costs, scheduling costs, and level of difficulty recognition are a fraction of the skills necessary to become a successful estimator.

Why join the American Society of Professional Estimators? ASPE is the most recognized and credentialed group of construction cost professionals in our nation's construction industry. ASPE provides education, industry information, and fellowship to all levels of our members. It is made up of professionals in the following three member classifications.

- 1- **Estimator:** Shall be an active Construction Estimator in one or more of the construction estimating disciplines.
- 2- **Affiliate Member:** Shall be employed in a construction-related field.
- 3- **Student:** Shall be a full-time student actively pursuing a curriculum leading to a degree or certificate in a construction-related field.

One of the ultimate goals of a member in ASPE is to achieve status as a "Certified Professional Estimator," otherwise know as "CPE." CPE status is recognized by Builders, Government Agencies, Developers, and many other Corporate entities as the highest level of qualification as an estimator. Educational training is available to become part of this elite group of professionals.

ASPE San Diego Chapter #4 is perennially recognized as one of the top chapters of the nation's 50 chapters. The local chapter meets on the third Tuesday of each month. This general membership meeting offers education and insight into our industry. Each membership meeting is highlighted by presentations and guest speakers, with information pertinent to our ever-changing industry.

If you would like to become part of this exciting group of professionals, please contact Venu Dorapally CPE at 858.947.5197 or:

venuarch@gmail.com

San Diego Chapter #4 Calendar of Events

◆ *Wednesday, May 9, 2018 (1:00-5:00 PM)*

Blue Book Showcase

Location: Double Tree Hotel
7450 Hazard Center Drive
San Diego (Mission Valley)

◆ *Tuesday, May 15, 2018 (5:15 PM Registration)*

ASPE San Diego Monthly Dinner Meeting

Program: Stormwater Protection Program Changes for California and Best Practices to Meet Those Evolving Criteria

Speaker: Gerald Montgomery, Principal
Montgomery & Associates, Inc.

Location: Riverwalk Golf Club
1150 Fashion Valley Road, San Diego

◆ *Tuesday, June 5, 2018 (5:30-7:30 PM)*

ASPE San Diego Board of Directors' Meeting

Location: Sundt Construction
1550 Hotel Circle North, Ste 400
San Diego (Mission Valley)

◆ *Friday, June 8, 2018 (7:30 AM - 12:00 PM)*

ASPE San Diego Education Seminar

Program: MEP Conflicts in Construction Documents and Using BIM As a Tool to Remedy Those Issues

Speakers: Panel Discussion with MEP Subs, GC
Preconstruction Rep, and BIM Consultant

Location: DPR Construction Training Room
5010 Shoreham Place, San Diego

◆ *Tuesday, June 19, 2018*

ASPE San Diego Monthly Site Tour and Dinner Meeting

Program: 520 West Ash Condominiums

Site Tour Hosts and Dinner: Representatives from
Swinerton Builders

Meeting Speakers:

Schedule: Registration—5:00 PM
Site Tour Begins—5:30 PM
Dinner Service—7:00 PM

Dinner Meeting Location: Rockin' Baja Lobster
3890 Twiggs Street
San Diego (Old Town)

◆ *Tuesday, June 26, 2018 (5:30-7:30 PM)*

ASPE San Diego Board of Directors' Meeting

Location: Sundt Construction
1550 Hotel Circle North, Ste 400
San Diego (Mission Valley)

◆ *Wednesday, June 27, 2018 thru Saturday, June 30, 2018*

ASPE Annual Meeting and Estimating Summit

Location: Wyndham Hotel (Pittsburgh, PA)

◆ *Tuesday, July 17, 2018 (5:15 PM Registration)*

ASPE San Diego Monthly Dinner Meeting

Program: Annual Chapter Awards and
Presentation of Scholarships

Keynote: *To be determined*

Speaker:

Chapter Awards: Chapter Awards Committee

Presentation of Scholarships: Scholarship Committee

Location: Riverwalk Golf Club
1150 Fashion Valley Road, San Diego

◆ *Saturday, August 4, 2018 (8:00 AM - 12:00 PM)*

ASPE San Diego Planning Retreat

Tentative Location: Riverwalk Golf Club
1150 Fashion Valley Road, San Diego

◆ *Tuesday, August 21, 2018 (5:30 PM Registration)*

ASPE San Diego Summer Social

Location: *To be determined*

Mission Statement: "The American Society of Professional Estimators serves construction estimators by providing education, fellowship and opportunity for professional development."

Our Vision: "In its educational pursuits, ASPE strives to be the recognized leader in providing quality programs to benefit the cost estimating profession and the construction industry."

San Diego Chapter #4's Scholarship Awards are designed to promote student involvement in chapter affairs, and to reward deserving students who exhibit a sincere interest in education and the construction industry, as demonstrated by their work experience and personal statements.

ELIGIBILITY

1. Applicant may be currently taking undergraduate accredited courses.
2. Applicant must be employed in the construction industry, preferably working for an ASPE Member-Firm.

REQUIREMENTS

1. Applications must be submitted in hardcopy/original format.
2. Applicant is responsible for ensuring that all items listed below are included in the submittal package and postmarked on or before Monday, **May 21, 2018**.
 - a) Completed and signed application.
 - b) Personal statement.
 - c) Letters of recommendation.
3. Applicant must be able to attend ASPE San Diego Chapter #4's Awards Dinner on Tuesday, July 17, 2018 between the hours of 5:30 p.m. and 8:30 p.m. at a location to be determined in general San Diego area.

AWARDS

1. A scholarship in the amount of \$500.00* will be awarded.
2. Applications will be reviewed by the ASPE San Diego Chapter #4 Scholarship Committee. Attention and consideration will be given to work experience; applicant's expressed interest in furthering his/her education, goals in the construction industry, and references.
3. Designees will be notified by Monday, June 11, 2018.
4. Award will be made and check distributed during the Awards Dinner.

Non Discrimination Clause:

The American Society of Professional Estimators is an Equal Opportunity Organization and encourages applications from all individuals.

*The amount of the scholarship is subject to change.

2018 SCHOLARSHIP APPLICATION

Please limit application form to 3 pages and restrict your personal statement to 2 pages.

PERSONAL INFORMATION

Name

Address

City, State, Zip

Telephone _____ E-Mail _____

I would like to be contacted about internship opportunities with ASPE Member-Firms.

SCHOLASTIC INFORMATION

List of ASPE Online Courses already taken by applicant:

Previous College or University education:
